TRANSFER - HOW DO I TRANSFER?

1. Complete a transfer card obtained from the member's current division. The division officer signatures required (*President and Financial Secretary*) validate the transfer member as a member in good standing, all division commitments have been met and his dues are up to date.
2. If there is a County Board, two county signatures are required as well (*President and Financial Secretary*). This also validates the transfer member as a member in good standing, all county commitments have been met and his dues are up to date.
3. The transfer member's current division secretary must submit the transfer card to the division he is applying to. Additionally, admission depends on a majority vote on the new applicant for acceptance by the new division; otherwise membership reverts to the original division.
4. If accepted into the new division, the Financial Secretary (*or President*) submits a copy of the valid transfer card to the National Secretary and adds his name and personal information on the National Roster for the new Division.
5. A new card will be issued to the new division by the National Secretary and membership in the old division will be deleted.
